Key Benefits:

- **100% Native to Salesforce:** Natively built on the Salesforce platform, Fonteva Events eliminates data transfers or re-keying from external event management systems.
- **Lower Total Cost of Ownership with Predictable Pricing:** A flat rate software fee for all of your event needs. This simple pricing model has no per-registration or per-event fees so you can easily and cost-effectively scale your event offerings.
- **Customizable, Branded Web Presence:** Beautiful, mobile-always, best-of-breed agenda builder and configurable registration flows allow you to easily create intuitive, branded event microsites.
- **Unprecedented Flexibility and Ease of Use:** Configurable, on-the-go registration options for over 50 different event types; including private, public, and chapter/club events. Easy drag-and-drop reporting and dashboards give you full, real-time insights into your event success, revenue, and attendee analytics.
- **Full eCommerce:** Built in eCommerce capabilities with secure payment processing, over 100 payment gateways, multi-lingual and multi-currency support.
